PROJECT: THE GRILLE
LOCATION: TRANSPORT WORLD, INVERCARGILL
PRODUCT: EXPONA DESIGN WEATHERED COUNTRY PLANK 6157

Transport World is a wheeled collection that has taken nearly 50 years to amass. Starting out as one mans passion and further developed by his family, it now includes two world class automotive museums which house hundreds of classic cars, vintage trucks and motorcycles.

Serving delicious food is a big part of the experience at Transport World. The Grille is an Invercargill cafe that strives to include the very best of New Zealand and Southland cuisine.

The choice of flooring for this stunning café was Expona Design Weathered Country Plank 6157.

Expona Design Weathered in light or dark shades, country planks give a rustic impression.

Recommended for very heavy commercial, light industrial and also residential areas that require a hard-wearing floorcovering which is attractive, modern and easy to maintain. Applications include retail, hospitality, healthcare, aged care and educational facilities.

Featuring realistic reproductions of wood, stone and metal designs and textures available in planks and tiles, large collection of shades and PUR surface treatment to assist ongoing maintenance.
