

Product Health and Safety Data Sheet

SaarFloor-Systems Synthetic Rubber Floor Covering

1. Identification of the substance / preparation and of the company undertaking	1.1 Product Name SaarFloor Noppe Stud Tile
	1.2 Company Details Polyflor Limited P O Box 3 Radcliffe New Road Whitefield Manchester M45 7NR Tel: 0161 767 1111 Website: www.polyflor.com
2. Hazards identification	2.1 This product is non-hazardous
3. Composition / information on ingredients	3.1 Chemical characteristic Preparation - Consists of: Styrene Butadiene rubber, crystalline silica quartz, phthalic anhydride, zinc oxide, antimony trioxide and in some cases carbon black
4. First aid measures	4.1 Inhalation: no specific measure required Skin Contact: no specific measure required Eye Contact: no specific measure required Ingestion: no specific measure required
5. Fire fighting measures	5.1 Suitable extinguishing media: Water spray jet, foam, dry powder, carbon dioxide 5.2 Extinguishing media that must not be used: Not applicable 5.3 Special exposure hazard arising from the substance or preparation itself, combustion products, resulting gases: Hazardous combustion products: carbon monoxide and butadiene 5.4 Special protective equipment for fire fighting: Use self contained apparatus and protective equipment
6. Accidental release measures	6.1 Personal precautions: No special measures required 6.2 Environmental precautions: No special measures required 6.3 Methods for cleaning up: Dispose of according to regulations
7. Handling and storage	7.1 General information: No special protective measures required 7.2 Handling: Normal safe handling practices must be applied 7.3 Storage: Following off-loading, boxes should be stacked no more than five high during the conditioning period
8. Exposure controls / personal protection	8.1 Personal protection equipment: None required
9. Physical and chemical properties	9.1 Appearance: solid tile in various colours 9.2 Odour: Slight rubber odour 9.3 Flammability: EN 13501-1 Class Bfl -S1 9.4 Solubility (Water): Insoluble (Other): Not determined 9.5 Specific Gravity: 1.7 approx
10. Stability and reactivity	10.1 General information: Stable 10.2 Hazardous decomposition information: Thermal decomposition will evolve toxic vapours - oxides of carbon and sulphur, and hydrocarbons
11. Toxicological information	11.1 General information: The ingredients listed in para 3 are incorporated into the product and will not be released. No acute effect is expected. They are provided for information only 11.2 Inhalation: Not applicable Ingestion: Not applicable Skin contact: No known hazard Eye contact: Not applicable
12. Ecological information	12.1 Environmental fate and distribution: The floorings have no mobility in soil The floorings are insoluble in water The floorings are not expected to bioaccumulate 12.2 Persistence and degradability: The floorings will not biodegrade
13. Disposal considerations	13.1 Material: Dispose of in accordance with local and national legislation 13.2 Contaminated packaging: Recommendation: dispose by recycling
14. Transport information	14.1 The floorings are not classified as dangerous for transportation
15. Regulatory information	15.1 The finished floorings are defined as "not hazardous" in the Chemicals Hazard Information and Packaging regulations (CHIP) Therefore the flooring is not defined as harmful within the meaning of the control of substances hazardous to health (COSHH)
16. Other information	Polyflor Limited has prepared this Safety Data on the basis of its best knowledge and information available at the present day Polyflor gives no guarantee and disclaims responsibility for individual items being incomplete or incorrect. Furthermore, Polyflor gives no guarantee that all possible measures are contained within the Safety Data Sheet (including exceptional circumstances)
