

PROJECT: BUCKLANDS BEACH INTERMEDIATE SCHOOL (HARD MATERIALS ROOM)
LOCATION: BUCKLANDS BEACH, AUCKLAND
PRODUCT: POLYSAFE STANDARD BLACK WALNUT 4150

Polysafe Standard - a heavy duty safety flooring with a traditional decoration.

Ideally suited for heavy traffic areas where there are risks of water spillage and other contaminant spillages in hygiene critical locations.

Washrooms, toilets, kitchens, bar serving areas, laundry and sluice rooms, changing rooms, cloakrooms, classrooms.

- Incorporates quartz, aluminium oxide, silicon carbide particles and natural recycled aggregates, to improve traction and safety underfoot

- Reinforced with Polysafe PUR for optimum appearance retention
- Sustainable wet slip resistance assured throughout the guaranteed life of the product
- 100% recyclable and contains recycled material
