

PROJECT: RESIDENTIAL INSTALLATION
LOCATION: ORUA BAY, MANUKAU HEADS
PRODUCT: PEARLAZZO PUR MINT CRISP 9706

"In this particular installation we were wanting to sympathetically renovate a late 1960's Bach. The original owners had placed mottled vinyl tiles throughout but had not tiled under a large rug in the middle of the floor or under the beds in the 2 bedrooms to save money!

We spent a long time trying to find a similar looking pattern that was commonly used around this time. The Pearlazzo product was perfect. It is a top quality vinyl with the right mottled design and also has small flecks of gold and white we could use in the rest of the fit out to warm the cooler colours. Mint Crisp is the exact colour of the ocean and gave the bach a real seaside beachy feel, bright, fresh and easy to maintain."

Attractive, high performance, heavy duty homogeneous floorcovering, Pearlazzo PUR is ideally suited for heavy traffic areas such as commercial interiors, healthcare and education facilities as well as retail outlets.

- 2mm gauge
- 2mm wear layer
- 20m roll size
- 24 shades
- Polyurethane reinforcement to facilitate a low-cost, life-time polish-free maintenance regime
- Multi-flake decoration in contemporary colours
